

Sara Bossi

Dental Hygienist

Profile

I choose to work as a dental hygienist because I love to make people smile, it's easy for me thanks to my genuine and positive attitude.

My high level of empathy together with my knowledge, which I keep it always upgraded, make my patients comfortable with the therapy they need, helping to understand how much is important keep the mouth healthy.

All the time I see people happy with the works that I do, is such a great achievement for me, which is pushing me everyday to improve myself with the job that I love, to make people smile again.

I work with prismatic 3,5x glasses and I use devices like AIRFLOW® Prophylaxis Master by EMS, NdYag Laser by DMT and Ozone DTA by Sweden & Martina.

I'm part of the "Ordine TSRM-PSTRP,Varese" board, n°82.
